

Hall Green School An Academy

10th April 2019

Dear parents

I am writing to you inform you of some changes to teaching for 9N pupils in history and geography next term.

Pupils have now made their options choices. In both history and geography, pupils will be divided into two groups – those who have chosen that subject for GCSE and those who have not.

Those who have chosen the subject for GCSE will make a start on their GCSE work for that subject. If they have not chosen the subject for GCSE, then they will study the following courses:

- Those not taking history (during history time) will study units from the ASDAN PSHE course, looking at Personal, Social and Health Education.
- Those not taking geography (during geography time) will study units from the BTEC Workskills course, looking at skills that will be important to them in the work place.

We believe that these courses will help to prepare pupils for study in year 10 next year and also help to prepare them for life beyond school.

If you have any questions, please contact me in school.

Yours sincerely

Mr A Simson (Deputy Head Teacher)
