

2. NCS KEEP DOING GOOD NEWSLETTER FOR PARENTS GUARDIANS

Keep Doing Good with NCS!

Many of you will have heard your teens talk about National Citizen Service (NCS) in assemblies or on social media, but if you haven't, it's a unique government funded opportunity for young people to go out, get some new skills, be heard and make a difference. Due to COVID-19 this year the programme is a little different from usual but there will still be 2 week programmes available throughout August for your teen to sign up to!

This is your teens chance to get back out into the world with their mates, learn some new skills, make even more friends AND make a difference by getting their communities back on their feet. This summer programme is called "**Keep Doing Good**".

We are following all Government guidelines with regards to COVID 19 to ensure that the program is safe for all.

NCS this summer will be a 2 week programme delivered across August in your community, where they will work in teams guided by NCS staff to **Keep Doing Good**.

Week 1 will give your teen new skills such as leadership, team building, presentation skills and the chance to plan their own social action project. This will include workshops and activity sessions.

Week 2 will allow them to create and carry out their very own social action and volunteering projects. Helping the community where it needs it the most.

What are the benefits:

- It's free
- Gives them the chance to make brand new friends
- They can learn new skills that can be used for work and further education
- They can enhance their CV
- Gives your teen the chance to make a difference
- They can get their voices heard
- In your local area
- Teens can get back out into the world
- Build on their future
- They can volunteer their time to help others

It's an exciting opportunity and the best thing is...it's completely free. So if they're looking for a new challenge or a chance to get out the house and make a difference, visit wearencs.com and register today! Don't worry this won't stop your teen from doing the autumn 2020 or summer 2021 programmes.
