

Changing Lines Through Childcare

A national webinar to raise awareness and motivate least advantaged families to take-up their 15 hours early learning entitlement for two-year-olds

9 February 2021 9.30-12.30

This FREE national webinar provides family-facing professionals with the knowledge and strategies useful for promoting the benefits of the two-year-old entitlement to 15 hours early learning.

We welcome anyone working in a role that puts them in frequent contact with families. This includes: health visitors, social care workers, Jobcentre Plus, community projects and groups, housing, and information and advice services etc.

Speakers contributing to the webinar are: DWP, Coram Family, Institute of Health Visiting and Hemsall's.

We will share and cover:

- clear and up to date information about the two-year-old entitlement and other forms of childcare support.
- the types of messaging we can all use to address misconceptions about childcare and help us be positive and confident about the opportunities it opens up.
- clear information on the benefits of childcare for both children and parents/carers.
- guidance on how parents of children with SEND can seek additional support they may need to find appropriate childcare.

Agenda

- | | |
|-------|---|
| 9.30 | Welcome and introduction, aim and purpose.
