

Hall Green School An Academy

18 September 2026

Dear Parent/Carer,

Following the success of our recent Maths and Science GCSE workshops, we are pleased to invite you to our upcoming English GCSE Parent Workshop.

Date: Wednesday 7th October

Time: 4:00 – 5:00pm

Location: School Library

This session will focus on practical ways you can support your child at home with their revision and preparation for the English GCSE exams.

Strong English results are not only essential for success in school but also beyond it. Employers and colleges consistently highlight English as a key gateway subject:

- Over 90% of colleges and sixth forms require at least a Grade 4 in English for entry onto Level 3 courses.
- Many apprenticeships and all A-level programmes require a strong pass in English. Research shows that students who achieve higher grades in English open doors to a wider range of post-16 and university opportunities, with Russell Group universities often looking for at least a Grade 6 for more competitive courses.

We know how important this year is for your child, and this workshop is designed to give you clear, effective strategies to help them achieve their potential. By working together, we can ensure your child has the very best chance of success.

To help us prepare, please take a moment to complete this short form to express your interest [English Workshops Oct 2026 – Fill in form](#)

Best Wishes

Mrs Ziebeck

Senior Associate Leader
